- 27 holes will be played. The event will be 9 holes of Chapman, 9 holes of Better Ball and 9 holes of individual match play.
- So that each match goes 27 holes, there will be no winner of a particular match, but rather, each hole won accumulates to the overall team total. As each match finishes, we will keep a running total on our scoreboard.

Each team will have a playing captain from the Golf Staff

An updated point list will be posted in the Men's Locker Room after each event.
